Loop Capital Markets LLC is also registered as an Introducing Broker with the U.S. Commodity Futures Trading Commission (CFTC) and member of the National Futures Association (NFA). Brokerage and investment advisory services and fees differ and it is important for you to understand these differences. Free and simple tools are available to research firms and financial professionals at <a href="https://www.investor.gov/">https://www.investor.gov/</a>, which also provides educational materials about broker-dealers, investment advisers, and investing.</p>
<b>What investment services and advice can you provide me?</b>	<p>We offer brokerage services to retail investors primarily through the sale of securities in private placements offerings. Loop Capital <b>does not</b> offer traditional retail brokerage services, which typically includes the opening of brokerage accounts and the buying and selling of publicly traded stocks, bonds, mutual funds, ETFs, and options. As a matter of policy, the Firm and its representatives do not provide retail investors with recommendations regarding the selection of account types of specific investments or investment strategies. We encourage you to speak to your unaffiliated Financial representatives regarding the private placement offerings offered by Loop. In addition, the Firm and its representatives do not act in the capacity of an investment adviser to retail investors.</p> <p>You <u>will not</u> be asked to “open” an account with Loop Capital whereby we custody your funds and securities, nor do we offer account monitoring services. Our brokerage services are non-discretionary: you make the ultimate decision regarding the purchase or sale of investments.</p> <p>For Additional information, please see our Regulation Best Interest Disclosures regarding the specific offering. Such disclosures should have been provided to you along with this Form CRS. However, we would be happy to provide you with such disclosure at any time.</p> <p><u>QUESTIONS YOU MAY WANT TO ASK YOUR FINANCIAL PROFESSIONAL</u></p> <ul style="list-style-type: none"> <li>• Given my financial situation, should I choose a brokerage service? Why or why not?</li> <li>• How will you choose investments to recommend to me?</li> <li>• What is your relevant experience, including your licenses, education, and other qualifications? What do these qualifications mean?</li> </ul>
<b>What fees will I pay?</b>	<p>As the placement agent for a private offering or private placement, all fees and commissions are borne by the issuer of the securities (i.e., the company conducting the private placement). 100% of your capital commitment will be recognized by the issuer. Unless otherwise disclosed in the offering materials for the private placement (Private Placement Memorandum), Loop Capital Markets will not receive any fees or commission from the issuer. .</p> <p>You will pay fees and costs whether you make or lose money on your investments. Fees and costs will reduce any amount of money you make on your investments over time. Please make sure you understand what fees and costs you are paying.</p> <p>For additional information, please review the applicable private placement memorandum, limited partnership agreement, or other disclosures specific to the private placement in which you are considering making an investment.</p> <p>Loop Capital does not charge any fees for the brokerage services as described above. Customers pay no commissions or transaction fees, finder’s fees, placement fees, ticket charges, account opening or maintenance fees, sales charges, or other similar or typical brokerage fees of any kind.</p> <p><u>QUESTIONS YOU MAY WANT TO ASK YOUR FINANCIAL PROFESSIONAL</u></p> <ul style="list-style-type: none"> <li>• Help me understand how these fees and costs might affect my investments.</li> <li>• If I give you \$10,000 to invest, how much will go to fees and costs, and how much will be invested for me?</li> </ul>

<p><b>What are your legal obligations to me when providing recommendations as my broker-dealer?</b></p> <p><b>How else does your firm make money and what conflicts of interest do you have?</b></p>	<p>As mentioned earlier, we <b>do not</b> provide recommendations to retail investors. The way we make money creates some conflicts with your interests. You should understand and ask about these conflicts because they can affect the services, we provide you. .</p> <p>·</p> <p><u>Here is an example to help understand conflicts of interest:</u></p> <p>We may receive placement fees from the sponsors/issuers on whose behalf we solicit investors. The fees are typically a negotiated percentage of the capital raised by the sponsor/issuer. These fees would reduce the amount of capital that the issuer has to operate. In addition, Loop Capital Markets or its affiliates may have an interest in the success of the issuer and may also be an investor in the issuer. • Thus, Loop Capital’s recommendation of investors may be influenced by its desire to obtain these fees. • We offer investments in a limited number of private placement transactions. There may be other transactions that we do not offer that better suit your needs. As the fees generated by the sale of securities in these occasional private placement offerings may be higher than other products, this may create a conflict of interest.</p> <p>Principal Trading – We do not engage in principal trading in which we would buy/sell a security from/to retail investors from our proprietary account.</p> <p><u>QUESTIONS YOU MAY WANT TO ASK YOUR FINANCIAL PROFESSIONAL</u></p> <ul style="list-style-type: none"> <li>• How might your conflicts of interest affect me, and how will you address them?</li> </ul>
<p><b>How do your financial professionals make money?</b></p>	<p>For information regarding a specific offering, please refer to the offering memorandum. The Firm’s financial professionals who may be engaged with the Firm’s limited private placement activities are compensated based on the overall performance of the Firm, along with their contributions to its success. Our representatives receive a salary and a discretionary bonus. As noted above, the Firm and its representatives do not provide investment advisory services to its clients. Therefore, our representatives do not make recommendations, offer advice or account monitoring.
